HALLOWEEN

1. Read the text and choose the picture which fits the text best:

People celebrate Halloween every year on the 31st October. One of the theories on Halloween's origin states that the holiday's closely connected to Celtic festival, which was celebrated to mark summer's end. People believed that on that day ghosts came back and therefore people themselves dressed like ghosts and behaved noisily in order to frighten supernatural powers.

Nowadays Halloween takes place on the Eve of the Western Christian feast of All Hallows' Day – which

definitely explains the name "Halloween": "hallow" means holy and "een" – eve. Halloween activities include trick-or-treating (or the related guising), attending Halloween costume parties, carving pumpkins into jack-o'-lanterns, lighting bonfires, apple bobbing, telling scary stories and watching horror films. Trick-or-treating is a customary celebration for children on Halloween. Children wear costumes and go around the houses, asking for treats such as candy or sometimes money with the question "Trick

or treat?" The word "trick" implies a "threat" to perform mischief on the homeowners or their property if no treat is given.

A jack-o'-lantern is a carved pumpkin or turnip associated with the holiday of Halloween. It is believed that the custom of making jack-o'-lanterns at Halloween began in Ireland in the 19th century. It is said that carved pumpkins were used to ward off evil spirits. They were also set on windowsills with the aim of keeping harmful spirits out of home.

4. People traditionally carve pumpkins and beetroots to make jack-o'-lanterns.
5. Carved pumpkins are said to ward off evil spirits

Then present your general image to your class but don't reveal the character. Your classmates are supposed to guess what character you have chosen.
